Introduction

Services for Older Persons are provided by the Health Service Executive in partnership with the voluntary sector. In order to access these services contact should be made through your local Primary care team/health centre. Older people are assessed by a member of the specific service to ensure the most appropriate service is received. As ageing is a natural phenomenon and not stagnant it is important that an integrated approach to care is applied. If you have concerns consult with your GP/PHN/PCT. The development of Primary care teams in your area will facilitate access to the services you may require.

Principal Medical Officer/Public Health Doctor

The Area Principal Medical Officer/Public Health Doctor offers a range of services including the following:-

- Surveillance, control and prevention of infectious diseases.
- Booster immunization programmes.
- Medical assessments pertaining to the following allowances – Domiciliary Care, Mobility, Motorized Transport, Blind Welfare, Disabled Drivers Tax Concessions.
